# Client Benefits

## Why Clients Prefer Protent Pharma Pvt. Ltd.

At Protent Pharma Pvt. Ltd., we do more than just manufacture Ayurvedic products, we build brands. Our goal is to empower you with the infrastructure, expertise, and reliability you need to establish and scale your Ayurvedic business with confidence. Below are the key benefits our third-party clients enjoy when partnering with us:

### Extensive Product Range

We offer a vast portfolio of Ayurvedic formulations across:

- Syrups & Tonics
- Capsules & Tablets
- Herbal Oils & Creams
- Juices, Powders, and Granules
- Personal Care Products

Whether you're a startup or an established brand, you can pick from ready-to-launch formulations or request customized combinations as per your brand requirements.

### Quality-Assured Manufacturing

We offer a vast portfolio of Ayurvedic formulations across:

- AYUSH & GMP-certified facility
- Strict QC & QA protocols at every stage
- Lab-tested raw materials with Certificates of Analysis
- Use of high-grade, authentic herbs and ingredients
- Modern equipment for hygiene, consistency, and shelf life

Your brand deserves safe, effective, and regulation-compliant products and we ensure nothing less.

# Client Benefits

## Private Labeling & Custom Packaging

Stand out in the market with your own brand identity. We help with:

- Label & box design
- Bottle, blister, jar, and sachet packaging options
- UV/foil printing, matte/gloss lamination
- Multilingual packaging (as per market demand)

Your product will look as premium as it performs.

## Timely Delivery & Hassle-Free Logistics

We understand the importance of time-to-market. That's why we provide:

- Fast turnaround times for bulk and trial orders
- Well-managed inventory and raw material planning
- Secure and reliable packing for long-distance transport
- PAN-India delivery with transport coordination assistance

## Business Growth Support

We are not just manufacturers, we are your growth partners.

- New product development suggestions based on market demand
- Consultation on product positioning and pricing
- Social media creatives
- Flexible MOQs to support businesses of all sizes

## Transparent & Long-Term Partnership

We are not just manufacturers, we are your growth partners.

- No hidden costs or surprise charges
- Honest communication & proactive updates
- NDA (non-disclosure agreement) options for custom formulas
- Priority reordering for recurring clients

We believe in trust, transparency, and mutual success,  
because your growth is our goal too.
